

EAGLE TECHNOLOGY SERVICE RETAINER

GET HELP WHEN YOU NEED IT

TRUSTED ADVISOR

With a Service Retainer, you are paired with a dedicated Advisor who works alongside your GIS team, providing guidance and support where you need it.

Your Advisor develops an understanding of your people, priorities, and environment, becoming a trusted point of contact and a consistent source of GIS expertise.

EXPERT ASSISTANCE

The Service Retainer is designed to be flexible, enabling you to direct Advisor time and expertise where it is needed most.

From project support and process improvements to navigating periods of organisational change, your Advisor provides practical assistance when you need it.

TEAM ENABLEMENT

Advisors work alongside your GIS team, offering ongoing support, mentoring, and expert advice.

Having a trusted person to bounce ideas off helps your team navigate challenges, avoid roadblocks, and continue developing their skills.
